

Hawaii DOE TB Clearance Policy for School Volunteers

The Hawaii State Department of Education has recently implemented a new policy for school volunteers, they are requiring a TB Test Clearance issued within 12 months of parent volunteers who volunteer at the school more than 15 times during a school year. To meet this new DOE policy, some schools are playing it safe by requiring all volunteers to get TB Test Clearance.

We understand that everyone is busy, and we appreciate your compliance to this new mandate. Please see below for locations where you can get a TB Test for free on O’ahu. You can also have it done at your doctor’s office.

Once obtained, this TB clearance can be used for any future volunteering at different schools in the state.
