C. Informing Parents/Guardians

At parent/teacher open houses or conferences, parents/guardians will be informed about such matters as the goals and objectives of the class, grading procedures for academic studies and General Learner Outcomes, classroom practices and procedures, homework practices and expectations, and parent/guardian responsibilities.

D. Disputes over Grades

Teachers are responsible for setting objective standards for grading academics and citizenship and shall make these standards known to the parents/guardians. Teachers are responsible for assigning grades to the students in their classes. A grade change may not be made as the result of coercion by any person(s).

If a student or parent/guardian believes a grade is unfair or inappropriate, the student or parent/guardian may appeal to the teacher of the class. If the issue cannot be resolved with the teacher, the student or parent/guardian may request a meeting with the Principal. Any meeting with the Principal, the student, and the parent/guardian shall include the teacher who assigned the grade in dispute.

If the matter is still unresolved, the student or parent/guardian shall appeal in writing to the Board. The appeal shall allege specifically how the teacher's grading system reflects a mistake. The decision of the Board shall be final and binding.
